Li & Fung Limited is a Hong Kong based supply chain manager primarily for US and EU brands, department stores, hypermarkets, specialty stores, catalogue-led companies, and e-commerce sites. Li & Fung was founded in 1906 in Canton and is headquartered in Hong Kong. As of 2016, apparel makes up around two-thirds of the business, with furniture and home furnishings, beauty and personal care products, fashion accessories and general merchandising, such as seasonal gifts, constituting the rest. Today, Li & Fung employs about 22,000 people worldwide. It does product design and development, raw materials and factory sourcing and capacity building, vendor compliance and distribution. It has over 250 offices in 40 markets. It works with 15,000 suppliers to service 8,000 customers.

Anti Plastic Initiatives

Li & Fung decided to support anti plastic drive in their all office locations and decided to remove all the steel dustbins which employees were keeping under their office table and everyday plastic bags are being placed in the bins so that garbage doesn't come out. Hence Their Gurgaon office approached us to donate 250+ dustbins and hence we should donate the same to govt schools across Delhi NCR based on need.

Following schools were selected for dustbin distribution drive:
